

WHAT IS AN INTEREST GROUP

Interest Groups were created to bring together OLLI members in a social setting outside of the classroom, to share common interests, hobbies or activities. There is no registration required to participate and there is no fee to join.

Groups are self-directed and set their own agendas, locations and meeting times. The group coordinator(s) is responsible for administrative issues and communicating information to its members and any prospective participants. While coordinators are required to be OLLI members, OLLI membership is not a requirement for participation but is highly encouraged. Interest Groups are a good way to introduce OLLI to non-members.

Groups may focus on almost any subject or activity. Science, technology, sports, music, languages, literature, art, crafts, entertainment, social gatherings, games, outdoor activities or any other subjects that comply with OLLI's guidelines.

A list of current Interest Groups can be found in the back of the class catalog and on the website at **Olli.unl.edu/interest-groups/**

If you have questions or would like more information about any of these Interest Groups, contact the group coordinator listed in the description.

New Interest Groups

OLLI encourages members to propose and initiate new Interest Groups.

If you are an OLLI member and would like to start a new interest group, download the **GUIDELINES FOR STARTING AN INTERST GROUP** and **APPLICATION FOR A NEW INTEREST GROUP** found on the **Olli.unl.edu/interest-groups/** web page.

If you have questions about starting an Interest Group, you can contact Kermit Wolff at wolffka990@gmail.com
